Relieve Pain While Supporting Nutritional Rebuilding

The Solutions4 Pain Kit is designed to support the treatments you receive here in our office. Unlike a “quick-fix” pill, this comprehensive kit includes three products that promote long-lasting and effective results. The kit also includes detailed nutritional guidelines to reduce inflammation and help you get the best results possible.

Here's how to use the three products:

1. Apply **ANTI-INFLAMMATORY GEL**: Tackle pain from the outside.
2. Enjoy One **NUTRITIONAL SHAKE** a Day: Address the pain from the inside with a super-boost of nutrients. Can be used as a meal replacement or as a delicious snack.
3. Take One **DAILY SUPPLEMENT RELIEF PACKET** Each Day: This incredible packet includes capsules clinically formulated for pain relief and long-term repair.

Natural Complement to Your Treatments
