Helmed by Dr. Todd Singleton for more than 20 years, [Lighthouse Health & Body Makeover's](#) staff sculpts and slenderizes physiques with organic anti-cellulite body wraps. During the 60-minute session, beauty-seekers are sheathed in an herbal solution that shimmies deep into the dermal layer, helping to banish inches and break down stubborn cellulite. Detoxifying properties aim to flush toxins and impurities from the underlying tissue while hydrating ingredients keep pores from performing intercellular rain dances. Though the anti-cellulite body wrap is a safe treatment that requires little to no downtime, patients may need to wait up to 72 hours for shy physiques to make their first newly contoured appearance at weddings, reunions, or black-tie mud-wrestling events.
