

Increase Profits at Your Gym!

PARTNER WITH
Lighthouse Health

At our clinic, we help people lose weight through comprehensive eating plans. Although we strongly encourage exercise for each of our programs, we don't have the facilities to help our patients work out. Instead, we refer them to local gyms in our area. By partnering with us, you could dramatically increase the revenue of your gym!

**We have three ways for you
to increase profits:**

"Cooperative Advertising"

"Body Contouring Package" Sales

"Health and Weight Loss Screenings"

(801) 303-3632
