

FREE Test Shows if You are in “Fat Storing” or “Fat Burning”...

Then FREE “Body Contouring Package” Helps You Lose 4 to 14 Inches!

According to the U.S. Department of Agriculture (USDA), Americans consume one hundred and fifty-six pounds of sugar each year. Most people feel the urge to seek out something sweet and devour it. As a country, we love sugar!

Like many Americans, Marykaye Goodman of Utah craved sugar from the moment she woke up. She would often eat candy first thing in the morning. However, nothing seemed to calm the cravings. Along with the cravings, came weight gain.

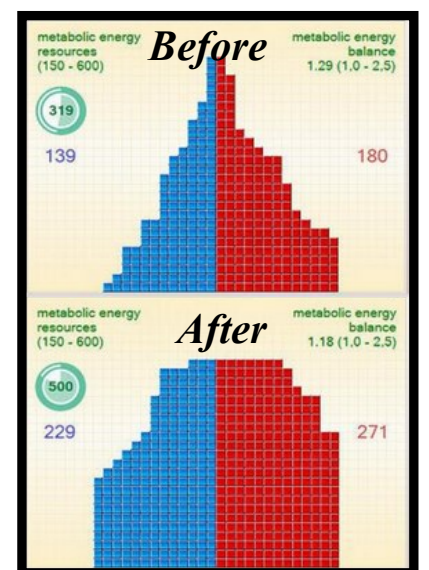

“There were so many components to deal with concerning my weight... I tried so hard to lose weight, but I just couldn’t do it on my own,” Marykaye remarked. “Mentally, when you’re overweight, you think, ‘this just isn’t me...’ and you want to tell people that...and that you didn’t

get that way on purpose.”

Luckily for Marykaye, her husband, Dr. Chad Goodman, studied nutrition in chiropractic school. He has gone on to pursue rigorous postgraduate studies in the field of nutrition and has investigated how it relates to weight gain, fatigue, and hormonal imbalances.

Dr. Chad Goodman explains, “It can feel hopeless... like nothing you can do will change your body. However, that just isn’t true! There is hope! My own wife tried lots of diet and exercise plans and still couldn’t lose weight. But she is finally down 60 pounds and has kept it off now for several years.”

We can help you too! In this breakthrough 5 minute test, you can detect if your body is in “Fat Storing” or “Fat Burning” mode! Together, we can get to the bottom of your weight

- ✓ **If your body is in “Fat Storing” mode, no matter how hard you try, you simply aren’t going to be able to get to your goal weight!**
- ✓ **Then experience our incredible “Body Contouring Package” where you can lose from 4 to 14 inches!**
- ✓ **Call today for this Limited Time FREE offer get your body “Burning Fat” now!**

“Finally Get Help with Numbness and Pain in Your Feet!” Advanced Treatment is Now Available to You if You are Suffering from the Debilitating Effects of Neuropathy Symptoms!

Do you suffer from any of the following...

- ⇒ Numbness of your feet and legs?
- ⇒ Painful tingling feet?
- ⇒ Night-time discomfort?
- ⇒ Pin-like sensations with each step?

Have you ever been told...

- ⇒ You have Neuropathy?
- ⇒ You must live with the pain, because nothing can be done?

If you answered YES to any of these questions, you’re in LUCK!

Here’s what some patients have said about their treatments:

“I was on 14 medications and my doctors had told me I may need to have my foot amputated. I hadn’t been able to wear shoes other than sandals for years because of my swollen and painful feet. After going through this program I’ve lost weight and my foot pain is gone. I can now wear normal shoes.” Patient, N.S., Age 58

“I drove 120 miles to get this treatment because I had not been able to feel my feet for 15 years. I work on a farm and I would stumble and fall because I could not feel the ground under my feet. I’m getting older and I can’t afford to fall and break something. After the treatments, I was able to feel my feet and toes again. Now for the first time in over a decade I have feelings in my feet.” Patient M.H., Age 85

“Doc, I can’t live with this excruciating foot and leg pain and numbness!”

When you hear this from a patient it gets your attention. Typically, I get the worst of the worst pain patients but when I recently heard this exclamation, my attention was particularly peaked. Let’s call this patient Bob. Bob is 62 years old with neuropathy in his hands and feet. He had Type II Diabetes and his life was literally as he described it “a living hell.” Clearly he was coming to the end of his rope. The nerves in his legs and feet were damaged. He was in HORRIBLE CONSTANT PAIN!

“I Can’t Sleep at Night!”

He complained to me, “I can’t sleep at night because my **legs feel like they are being eaten by little bugs or chewed on by small animals.**”

During the day, he could hardly walk and every step sent shooting pain like lightning from his toes and up his legs up almost to his knees. He had **numbness** in his feet and **couldn’t feel his feet very well** and had terrible balance problems. He was worried he might fall and injure himself.

“I Had to Help This Man!”

I recently was fortunate enough to accidentally discover a **new non-invasive and non-drug treatment for severe and constant foot numbness and pain caused by neuropathy.**

I have been treating Neuropathy for years with great success but stumbled onto this new treatment in 2011 that is used to treat patients who are fearful of losing their legs. My staff and I witnessed some amazing reductions and eliminations of some of the worst pain and numbness syndromes I had ever seen...

And it was FAST! After just a few minutes of treatment on patients with extreme and chronic pain and numbness of the worst kind, we had patients telling us how their pain levels and numbness had decreased and they were shocked.

Some of them had their pain and numbness alleviated after only one treatment.

We were able to reduce or even eliminate NEUROPATHY PAIN and/or NUMBNESS of the worst kind!

Using the latest and most recent technologies, I now offer a non-invasive, non surgical and painless neuropathy pain treatment. I help patients reduce or even eliminate their neuropathy pain and/or numbness using nutritional therapies, deep tissue super-pulsed cold laser treatments, combined with specific non-surgical, non-invasive, relaxing re-integration and stimulation treatments of peripheral nerves using whole body vibration to increase their function quickly.

So just how can you see if [Dr. Singleton’s] Neuropathy Pain Relief treatment will help you to reduce or eliminate your foot or leg pain and/or numbness?

Be one of the first 25 callers to [555-555-5555] and receive a FREE 6-Point Evaluation

During your FREE evaluation you will be checked for:

- ⇒ Foot and Leg Circulation
- ⇒ Nerve Sensitivity
- ⇒ Pain Fiber Receptors
- ⇒ Thermal Receptors
- ⇒ Pressure Receptors
- ⇒ Light Touch Sensitivity
- ⇒ Nutritional Sensitivities

We have a very limited number of Free Evaluation times left, so call before they are gone!

Once you’ve been evaluated fully and completely with our very thorough Neuropathy Treatment Evaluation, we will know if you are a candidate for this new painless and effective Neuropathy Pain Relief Program.
