

# “Extract Fat Without Surgery...with New Laser-like Lipo Technology”

## How Does This Work?

Waves of electromagnetic light force your fat cells to unlock, allowing the contents to spill out and be metabolized by the body naturally.

And unlike traditional liposuction, there is no pain, no bruising, no swelling, no drugs, and no downtime. In other words, NO side-effects whatsoever!

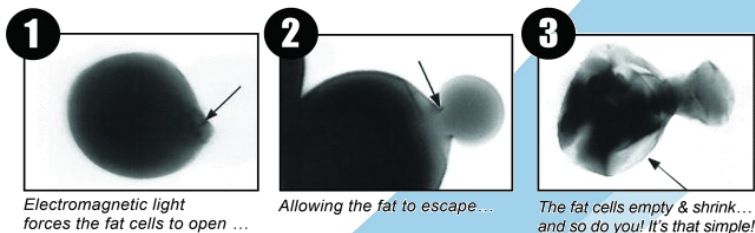

It's safe, simple and affordable, and as relaxing as any spa treatment.

Laser-like Lipo Technology allows us to shrink the areas of the body that contain dangerous visceral fat (like belly fat) and unsightly subcutaneous fat in areas such as the outer and inner thighs, butt, under the chin, arms, or anywhere fat and cellulite is concentrated on your body.

- ◆ Promotes fat-loss throughout the entire body—including all your trouble spots
- ◆ Triggers collagen production—to reduce or eliminate fine lines and wrinkles and help your skin stay tight and firm while you lose fat and inches
- ◆ Activates your mitochondria—These tiny powerhouses in every cell regulate your metabolism, energy and vitality. When the light bath's specialized light
