WHY SHOULD I DO THIS?

Did you know that 66% to 86% of the population needs to lose weight? That means that 66% to 86% of your clients need to lose weight, too! Why not be a resource for your clients? They are looking for answers to their weight loss problems, and there are great solutions you can offer them!

You'll feel so good knowing that you are helping the people who provide your income each year. Plus, you'll be able to increase that income in order to make your profits even better for you and your family! You could be making an extra \$39,000 per year, all by helping your clients get what they want at a great discount!

WHAT WOULD I BE SELLING?

In order to make your business boom, we are giving you the opportunity to sell a “Body Contouring Package” (worth \$250) to your clients for only \$25!

The “Body Contouring Package” is comprised of three incredibly valuable things:

1. Breakthrough Weight Loss Class
2. One-on-One Evaluation
3. Body Wrap

Body Wraps have been proven to have incredible benefits. However, not all Body Wraps are the same. Some simply help people sweat out water weight, only to be gained back by consuming liquids. Still others are at-home Body Wraps, which do nothing for weight loss or body contouring. Our elite Body Wraps, on the other hand, are performed by professionals with special creams and wrapping techniques that actually help eliminate toxins, reduce cellulite, and guarantee immediate inch loss! Our clients have lost anywhere from four to fourteen inches in a single session!

WILL IT TAKE MUCH TIME?

No, it will not take much time at all. In fact, this can literally be done in minutes! You simply let us know that you'd like a FREE “Body Contouring Package” display plaque, and we'll deliver it.

Then, you put it up at your workstation where your clients can see it while you are providing services, and the display plaque does all the work of selling the “Body Contouring Package” for you.

All you have to do is collect the \$25 (which you'll keep), give them the brochure with the coupon inside (the brochure is conveniently attached to the display plaque), and send them on their way!

Also, we would love to pamper you with a completely FREE “Body Contouring Package,” simply for participating in or investigating this program. Schedule yours now!
