

ANTIOXIDANT

A growing body of scientific research indicates that astaxanthin has the ability to provide exceptionally powerful antioxidant protection to cells and has functional effects on muscle and nerve physiology. Comprehensive studies find astaxanthin to be ten times more effective than beta-carotene and many times more effective than vitamin E.

Astaxanthin is a polyunsaturated free radical quencher and part of a series of compounds including beta-carotene included in the family of carotenoid antioxidants. These compounds add color to vegetables (red, orange, yellow) in which they occur naturally. This specific carotenoid also gives sea foods like salmon and shrimp their red coloration.

Astaxanthin nutrients are the most potent antioxidants in all of nature, and have been proven to work longer than other antioxidants in protecting against photosensitized oxidation. It has been shown that dietary astaxanthin exerts anti-tumor activity through the enhancement of immune response.

Suggested Use: 2 capsules two times daily

2 capsules two times daily will last: 15 days

Size Available: 60 capsules

Shelf Life: 7 years

Ingredients:

ASTAXANTHIN—Has anti-inflammatory properties, stimulates the immune system, and has anti-cancer effects on human cells. Also prevents oxidative damage to blood LDL-cholesterol.

ANGEL HAIR (MOZUKU)—A Japanese sea plant that promotes healthy living and helps the body to fight disease.

GINKGO BILOBA—Helps ease digestive problems and stomach complaints.

BILBERRY FRUIT—Acts as an antioxidant that purifies the blood and can be used as a diuretic.

MILK THISTLE HERB—Helps relieve the symptoms of hepatitis, cirrhosis, and inflammatory liver conditions. It is one of the most effective herbs known for relieving liver disorders.

SELENIUM CHELATE—An important mineral with potent antioxidant properties. Is important for protecting cells from the damaging effects of free radicals.

MOTHERWORT—A digestive bitter and as such encourages bile production, healthy digestion and reduces gas pains.

GREEN TEA EXTRACT—Inhibits fat-digesting lipase enzymes of the stomach and pancreas.

RED RASPBERRY EXTRACT—A blood tonic.
